Experience

Junior Flutter Developer Dec 2025 – Present
Astrins Technology *Kerala, India*

- Developing cross-platform mobile applications using Flutter with Clean Architecture principles.
- Integrated RESTful APIs with token-based authentication and role-based access control.
- Implemented state management using BLoC and optimized app performance.
- Worked on UI enhancement, bug fixing, and feature implementation based on client requirements.
- Collaborated with backend team for API integration and database handling.
- Developed the Ksetra Printing module for internal business operations, including order management and status tracking.
- Designed and implemented a Car Parking Management system with vehicle entry/exit tracking and slot allocation features.

Full Stack Developer Intern 3 Months
Eqsoft Business Solutions, Thrissur, Kerala

- Developed full stack applications using C#, Flutter, and SQL Server.
- Created a House Rental Management System with features for listing, booking, and user management.
- Implemented employee and task management features for web and mobile platforms.

Python Developer Intern 4 Months
IROHUB INFOTECH, Kochi

- Designed and developed backend modules using Python for internal applications.
- Worked on user interface design and implemented business logic integration.

Projects

House Rental Management System | *Flutter, C#, SQL Server, REST API*

- Built a full-stack web and mobile application for managing house rentals.
- Implemented modules for property listing, user authentication, booking, and admin control.
- Used REST APIs for data handling and SQL Server for backend storage.
- Integrated user-friendly UI with responsive design using Flutter.

Vehicle Helpdesk Ticketing System | *Python, Django*

- Developed a web app for managing vehicle issue requests and ticket tracking.
- Integrated database-backed ticket logging, user authentication, and admin views.

Education

University of Calicut — Kerala, India
Bachelor of Vocation (B.Voc) in Web Technology — *2021 – 2024*

Holy Family C.G.H.S.S, Chembukkavu — Thrissur, Kerala
Higher Secondary Education (Computer Science) — *2019 – 2021*

Soft Skills

- Communication Skills
- Team Collaboration
- Time Management
- Problem Solving and Debugging
- Adaptability
- Self Improvement
